

POM, Incorporated Core Capabilities Statement

POM, Incorporated is an award-winning manufacturing company specializing in the production and sale of single and two-space parking meters. We also excel in the production of Original Equipment Manufacturer (OEM) parts, including zinc and aluminum high pressure castings, stamped metal parts, and plastic injection molded parts. Our robust product line serves municipalities, universities, private parking operations, and other manufacturing companies.

Our capabilities extend beyond just manufacturing. We operate with a suite of advanced equipment, including five cold chamber die casting machines, a hot chamber automatic, multi-axis zinc die casting machine, multiple CNC mills, lathes, and screw machines, punch presses, and a powder paint line. This comprehensive set of machinery allows us to maintain exceptional quality and precision in all our products.

One of the distinguishing factors of POM is our multifaceted in-house capabilities. Unlike most manufacturers, we offer a wide range of services under one roof. Our nimble and accessible team includes in-house engineering and tooling departments, enabling us to respond quickly and effectively to the needs of our clients.

At POM, we take great pride in our commitment to excellence. We are ISO 9001:2015 certified, demonstrating our adherence to stringent quality management principles. Moreover, we are proud recipients of the prestigious Presidential E and E Star awards, recognizing our outstanding contributions to exporting.

Our mission is simple: to manufacture the best parts possible and earn repeat business through our unwavering dedication to quality, service, and innovation. As a testament to this commitment, we consistently strive to exceed client expectations, creating products that stand the test of time.
